

NOTE: The Je-S system will be unavailable from 16:00 GMT on Thursday 16th April 2015 until 08.30 GMT on Wednesday 22nd April 2015.

Additional guidance on preparing applications for the EPSRC “Towards engineering Grand Challenges” call

1. All bids should come through as a single Je-S form – this applies to both consortia and network proposals
2. Applicants applying for challenge four should read the guidance available online regarding networks. <http://www.epsrc.ac.uk/funding/howtoapply/routes/network/networks/>

Network plus proposals should be structured in a similar way; the main difference being the ability to request funds for feasibility studies – an appropriate management mechanism for distributing this funding should be laid out within your proposal.

3. Any feasibility study funds which have not yet been determined at the start of the project should be listed under “directly incurred costs”.
4. Projects should start before the 15 December 2015.
