4 Please provide a brief summary of your career highlights to date: (1,000 characters including spaces)

5 Please describe how your interests and expertise can contribute to the multidisciplinary topic of this sandpit? (1,000 characters including spaces)

6 If selected to participate, would you be happy to share this front page with other participants?

Yes

No

Please spend some time responding to the following questions. Your answers to these will be used to distinguish your application and convince us that you have the skills and attitude necessary to participate in the sandpit. (Guide: 100 words each)

**7 How would you describe your ability to explain your research to non-experts? (700 characters including spaces).**

**8 What is your approach to teamworking? (700 characters including spaces)**

**9 The sandpit will be especially suited to individuals who: enjoy stepping outside their area of expertise or interest, are positively driven, enjoy creative activity and can think innovatively. The sandpit is an intensive setting requiring you to develop novel approaches with individuals you may not know. How do you see yourself fitting?  
(700 characters including spaces)**

**10 What do you hope to gain from participating in this sandpit?  
(700 characters including spaces)**

**(An Equal Opportunities Monitoring Form, which is optional for you to complete, is included at the end of the survey)**
