

# **The Era of Mathematics: An Independent Review of Knowledge Exchange in the Mathematical Sciences**

**Professor Philip Bond**

## **Annex 6. Community Engagement Workshops**

Two evidence-gathering workshops were run by EPSRC and the KTN in September 2017 to broaden engagement in the review and complement other evidence strands. Open invitations to interested parties were issued for both workshops. The structure of the two meetings was broadly similar:

- Opening address (Philip Bond in Edinburgh, Philippa Hemmings, EPSRC, in London)
- Presentation on review process and progress (Mike Ward, EPSRC)
- Summary of evidence (Matt Butchers, KTN)
- Plenary session for initial feedback
- Workshop session on draft recommendation areas

In each case the feedback and discussion outputs fed into the drafting of the review report and recommendations considered by the Review Committee and Review Board.

### **8 September 2017, Royal Academy of Engineering, London**

#### **List of attendees**

<b>NAME</b>	<b>INSTITUTION</b>
Peter Ashwin	Isaac Newton Institute
Ginestra Bianconi	University of St Andrews
Veronica Bowman	Dstl
Matt Butchers	Knowledge Transfer Network
Christopher Chapman	Keele University
Godfrey Charles-Cadogan	University of Leicester

Darren Crowdy	Imperial College London
James Davenport	University of Bath
Ajelandro Diaz	University of Liverpool
Susie Douglas	University of Bath
Graham Dransfield	University of London
Michele Erat	ESPRC
Davey Fitch	University of Edinburgh
Marc Goodfellow	University of Exeter
David Hawker	University of Nottingham
Philippa Hemmings	EPSRC
Nicholas Hill	University of Glasgow
Christopher Howls	University of Southampton
Adam Letchford	Lancaster University
Jeremy Levesley	University of Leicester
Michael Levetin	University of Reading
Adele Marshall	Queen's University Belfast
Stephanie North	University of Cambridge
Hilary Ockendon	University of Oxford
John Ockendon FRS	University of Oxford
Sanjaye Ramgoolam	Queen Mary University of London

Edward Rothead	Dstl
Gavin Salisbury	EPSRC
Louis Theran	St Andrews University
Mike Ward	EPSRC
David Youdan	Institute for Mathematics and its Applications

### **19 September 2017, International Centre for the Mathematical Sciences (ICMS), Edinburgh**

This workshop formed part of a broader meeting run by the ICMS on 19-20 September following on from the mathematical sciences KE community meeting in 2015 that provided the initial impetus for this review. A summary of this meeting was prepared by Dawn Wasely, ICMS, and can be found at:
